20. TYRES

Only the tyres, either slicks or wets, as provided by the OJC program are permitted. Coating, modifying, changing or altering the characteristics of the original design of tyres is prohibited.

All tyres must be collected at the set times through the Dunlop tyre support program during the course of the event and signed for at the point of collection. Tyres sourced through other suppliers, even if they are the same make and model, will not be permitted.

20.1 Allocation

Each competitor is allocated:

1. Dunlop slick tyres – one set per round.
2. 1 set (front and rear) of Dunlop wets for the season.
3. Additional wets can be purchased through Dunlop at the Competitor's cost if pre-approved by the Series Chief Technical Officer.

20.2 Tyre Changes

1. A new set of slicks will be fitted at Round 1 at the commencement of the 2025 Championship Season.
2. A compulsory one-time slick tyre change will take place on Friday afternoon from Round 2 at the conclusion of official practice. This set of slick tyres will be used for the Saturday/Sunday programme of that round, and Friday official practice of the next round.
3. Each new slick tyres must be marked prior to the commencement of any track activity on Saturday and the same set of marked slick tyres must be used for the remainder of the Event, including the Friday of the next event.
4. Competitors who approach the Series Chief Technical Officer with a request to change slick tyres for reasons of safety from Saturday, and are granted permission, can revert to the Friday practice slick tyres (replacing the unsafe slick tyres), however they will need to use these slick tyres for the remainder of Saturday and Sunday and following event's Friday official practice session.
5. Competitors who approach the Series Chief Technical Officer with a request to change their slick tyres for reasons of safety on Friday, and are granted permission, can use their allocated round set of slick tyres in advance but must use both the new front and rear slick tyres. However, they will not be allocated any additional set of slick tyres and will need to use these slick tyres for the remainder of Friday, Saturday, Sunday and the following event's Friday official practice session. The slick tyres must be marked at the time they are changed.
6. Competitors who approach the Series Chief Technical Officer with a request to change their slick tyres for reasons of safety, following the approval of the Series Chief Technical officer, can purchase additional slick tyres at their own cost however they will receive a penalty of back of grid start for all remaining races for that respective round. The slick tyres must be marked at the time they are changed.
7. Tyres may not be changed during a race stoppage where the Race Director or Clerk of Course has not declared the race wet. The penalty imposed if a tyre is changed during a stoppage that is not declared wet, will be exclusion from the restart.

20.3 Tyre Marking

Please refer to the ASBK Sporting Regulations.

20.4 Tyre Sticker Fitting Instructions;

1. Check that the tyres you intend to use are homologated
2. Circle compound marking with a paint pen.
3. Ensure all tyre stickers are attached to the left side of the tyre.
4. Clean the tyre sticker area thoroughly to help with adhesion.
5. Apply the tyre sticker to the tyre by peeling the backing paper back.
6. Firmly rub the sticker with your finger to ensure adhesion.
7. Peel the paper from the front of the sticker repeating step six (6) to confirm the tyre sticker is securely on the tyre.

NOTE: Tyre Stickers are the responsibility of the competitor and parent/guardian. If the tyre sticker is not attached correctly, are lost, stolen or damaged the penalties listed above will apply. Machines are inspected for tyre stickers after qualifying and racing.

20.5 Wet Tyre Usage

For the purposes of OJC a wet tyre is defined as a tyre with a tread block of 35mm or less on either dimension. Competitors may use wet tyres in any race and qualifying sessions without penalty. Refer to Chapter 6 in the GCRs. Competitors will not be permitted to delay the start of a warm-up lap or race by changing tyres unless the Race Director or Clerk of Course declares the race wet after the sighting lap has commenced.

If a race or qualifying session is declared wet by the Race Director or Clerk of Course then competitors can change to wet tyres without penalty. These need not have stickers applied.

If the Race Director or Clerk of Course declares a race wet after the sighting lap has commenced there will be a minimum delay of 5 minutes for competitors to change tyres.

If a competitor chooses to use dry tyres when the Race Director or Clerk of Course has declared the track wet the tyres must come from the marked or allocated quota of tyres for that competitor.

20.6 Used Tyres

Used bike tyres cannot be left in garages or in the paddock area. Any competitor found to have left tyres in the garages or in the paddock area will be invoiced for their disposal cost.

21. WEIGHT BALLAST

Prior to the commencement of each round, OJC competitors will be required to be weighed. The weighing process will take place at a time and place as set out in the event schedule.

All OJC competitors must be weighed prior to the commencement of any on track activity. Any OJC competitor found not to have been weighed prior to commencing any on track activity will be excluded from the entire round.

All OJC competitors will be required to have the following gear on during the weighing process:

- OJC Leathers – fitted, with the top open and hanging off the shoulders and knee sliders removed
- Skins – fitted
- Boots – fitted
- Gloves – fitted
- Back brace - fitted
- Helmet – not fitted during the weighing process

Any OJC competitor found to be manipulating the results of the weighing process to gain an unfair advantage will be excluded from the entire round.

Weight ballast will be managed at each round through predefined fuel amounts in the fuel tank. The grouping of each competitor will be based on a set formula calculated on the average weight of all those competitors contesting that round.

Fuel amounts will be split as follows:

- Level 1: A minimum level of fuel required to participate as per point 22. FUEL
- Level 2: A minimum of 6 liters of fuel must be carried prior to each on track session
- Level 3: A minimum of 9 liters of fuel must be carried prior to each on track session
- Level 4: A minimum of 12 liters of fuel must be carried prior to each on track session

It is the responsibility of the competitor to ensure the correct amount of fuel is placed in the fuel tank. Should a competitor exceed the level as stipulated, fuel may not be removed from the tank without prior approval from the OJC technical team.

All fuel measurements will be checked by the OJC technical team prior to the commencement of each session. No competitor will be permitted to participate in any on track session without the specified amount of fuel.

Should any fuel measurements be manipulated by a competitor after being checked and approved by the OJC Technical team will result in disqualification from the round.

Once the fuel levels have been checked by the OJC Technical Team, engines will not be permitted to be started prior to any on track session until competitors have been instructed by the OJC Team starter. Failure to comply may result in a penalty.

22. FUEL

Fuel will be supplied for all OJC competitors and only this fuel may be used. The fuel is only available for the OJC program and may not be used in any other motorcycle in any other class.

All competitors are required to carry sufficient fuel for an additional three laps on top of the race distance fuel load for each race. This is to prevent further delays in the event of a first lap restart.

Competitors must be able to return to the start line without the need to refuel. If a rider is not carrying sufficient fuel and is required to refuel during a race stoppage, they will then be required to start the race from pit lane. Should a competitor not start from pit lane they will be removed from the race results.

23. SPARE PARTS

A range of spare parts will be carried by the OJC Technical Manager, such as levers, handlebars, foot pegs and brackets, genuine and race kit parts, spare race fairings. All spares must be managed through the OJC Technical Manager and each competitor will have an account tracking their spares usage.

24. RIDERS' BRIEFING

A compulsory rider, team manager, parent/guardian, and entrant briefing will be held prior to the start of the round. Details of briefings will be advised in the Final Instructions. Additional briefings may be held from time to time. In this case notification will be given in advance.

All competitors, team managers, junior parent/guardians and entrants are required to attend these briefings. Failure to attend briefings and sign the attendance register without an acceptable reason will result in a fine and possible exclusion from the meeting. Please refer to the ASBK Sporting Regulations.

25. TECHNICAL INSPECTION

Please refer to the ASBK Sporting Regulations.

27.1 Submitting for Technical Inspection:

- Remove lower fairing and carry it separately
- Present riding gear

27.2 Decals

MA reserves the right to stipulate that various decals are to be affixed to machines according to sponsorship requirements.

27.3 Licence and Protective Gear

The competitor's current competition licence and full riding gear must be presented at technical inspection. All competitors must submit their leathers and boots, and produce their helmets, gloves and back protector for checking.

27.4 Eligibility Checks

Eligibility checks can take place at any time during the round. Machines which suffer accident damage in practice, qualifying or race sessions must be re-examined by the technical officers, then the machine must be inspected by the OJC Technical Team before participating again.

Competitors in all classes must return their machines directly to the technical inspection impound (Parc Ferme) area immediately after each practice, qualifying and race.

In addition to disassembling and checking of machines after official protests have been received by the Race Director or Clerk of Course as per the 2025 GCRs, the Chief Technical Officer may, at their discretion, request that any machine that has participated in the round be disassembled for inspection. Failure to comply with this regulation will result in the matter being referred to the Race Director or Clerk of Course for further action.

Machines will be sealed at the commencement of the season. If disassembly and scrutiny is to take place at the circuit it will be before the machine is released by the Series Chief Technical Officer. A member of the competitor's team with appropriate tools must be available at all times to disassemble the machine as required. Allowance in time must be made to accommodate potential delays in departing the circuit after competition on any day. Failure to comply with this regulation will result in the matter being referred to the Race Director or Clerk of Course for further action.

After each qualifying session and race at each round, any or all motorcycles used will be impounded at the discretion of the Series Chief Technical Officer for up to 30 minutes. Failure to present machines used will result in the matter being referred to the Race Director or Clerk of Course for further action.

The Technical Inspection Area (Technical Inspection Bay) including the Parc Ferme is clearly marked and is a restricted access area. When in use, entry into Parc Ferme is restricted to authorised personnel only.

The only persons permitted to enter Parc Ferme when motorcycles are being held after practice or racing are:

- Race Officials;
- A total of **two (2)** team personnel per motorcycle, including the competitor;
- This can include the competitor and two (1) team

This applies until the motorcycles are released by the Technical Staff.

No other persons are permitted to enter the Parc Ferme unless authorised by ASBK Technical Staff.

Only the following equipment is permitted to be brought into Parc Ferme:

- Front & Rear bike stand;
- Tyre warmer/warmers;
- Tyre pressure gauge;
- Pyrometer for measuring tyre temperature;
- A cap and drink bottle.

It is a requirement that when entering Parc Ferme competitors align their motorcycles in queues of single file or as instructed by ASBK technical staff

Failure to comply with any direction from ASBK Technical Staff whilst in Parc Ferme will result in a penalty being imposed on the competitor.

Team members are not permitted to enter the designated technical inspection impound (Parc Ferme) area until all machines have entered and come to a stop. Team members are to wait for instructions by the ASBK Chief Technical Officer that they may enter.

Competitors who finish in the top three will be instructed by the ASBK Chief Technical Officer to move directly to Parc Ferme located at the podium for the duration of the presentation. Only the competitor and two (2) crew members will be permitted in Parc Ferme once access has been granted.

36 PIT LANE

Pit lane is part of the racetrack as such travel will only be permitted in race direction.

36.1. Pit Lane Entry

Competitors must travel in pit lane at no more than 40kph (unless otherwise specified).

36.2. Working in Pit Lane

Machines are permitted to be stationary and worked on in the designated areas to the pit box side of pit lane. All crews are required to keep the active lane clear at all times. All crew members must wear their issued identification bands on their wrist whilst in pit lane.

36.3. Pit Lane Wall & Lap Boards

No personnel will be allowed against pit wall at the start of a race. Penalties may be issued to crew members found to be on pit wall during a race start.

Once the field has passed the start line, only crew members in control of pit boards are permitted at the pit wall and must be signed on as Competitor Crew.

Pit lane will have restricted specific areas for use of lap boards during racing, these restricted areas will be marked. Competitors and team managers will be notified at competitor's and team manager's briefings where these areas are for the sole use of signaling competitors with lap boards.

Only three crew members per competitor with the correct ASBK supplied pit lane identification wristband will be allowed in the restricted areas for the duration of their competitors on track session/race.

The supplied pit lane identification bands must be worn on the wrist for the duration of the event. Once the race or session has finished all crew members must leave the restricted area immediately to make way for the next class.

37 Riding of Motorcycles in the Paddock

37.1 Unless, posted otherwise, there is a fixed speed limit at all rounds of 6 km/h in the designated lanes of the pit paddock area. Competitors who break the speed limit or ride outside of designated areas will be penalized at the discretion of Race Direction. Speeds will be checked with a radar gun or in pit lane with the timing loops.

37.2 Pit Bikes and Bicycles

- Riding of motorised or electric pit bikes is prohibited in the paddock area. This includes skateboards, rollerblades, scooters, mini-bikes, motorbikes, quad bikes or trail bikes being used by adults or children.
- The use of bicycles in the paddock may be available at some circuits. Approval for bicycles will be advised in the Final Instructions. Where the use of bicycles is approved, this must include the use of a correctly fitted helmet meeting Australian Standards.

- Persons found using any of the prohibited items or failing to follow these regulations in the Paddock will receive a fine at the discretion of Race Direction, in the case of support personnel the fine will be issued to the Competitor and/or Team.

38 OCEANIA JUNIOR CUP TECHNICAL TEAM

The OJC Technical Team will consist of a Technical Manager and 3-6 Technical crew. Motorcycles and kits will be transported and set up by the OJC Technical Team with the support of the OCJ Competitors. Pre-event maintenance will be conducted by the OJC Technical Team, as well as the management of any crash damage. The OJC Technical Team will be set up in the OJC garages and all spare parts allocation and fueling will go through the OJC Technical Team.

39 SUSPENSION

Only the suspension provided as part of the OJC Race Kit can be used. No modifications are permitted except where external adjusters are provided. At no time may the forks be disassembled, or the rear shock be removed by the competitor. Any breach will result in disqualification from the results.

Should a competitor wish to make fork internal adjustments or rear spring adjustments only the OJC Technical Team or the designated Öhlins Technician may execute these changes. These changes will be made at the discretion of the OJC Technical Team.

Fork position adjustments (position of the forks in the triple clamp) are only permitted by the OJC Technical Team

A total of three (3) combined suspension changes requiring disassembly may be made per competitor per round.

Recording all suspension changes is the responsibility of the competitor and parent/guardian.

40 GEARING

External gearing is the responsibility of the parent/guardian and have a choice between three gearing options: 45, 46, 47 and 48 tooth rear sprockets as per the OJC gearing kit.

41 PERMITTED MECHANICAL ADJUSTMENTS

Only the following adjustments are permitted on the OJC motorcycle by the OJC competitor, Parent/Guardian:

- Front brake lever position
- Clutch lever position
- Rear brake lever position
- Gear shift position
- Foot peg position
- Suspensions adjustments as outlined in point **39**
- External swingarm chain adjuster
- Rear external gearing, as outline in point **40**

No other mechanical adjustments will be permitted including adjustment of the handlebars, removal of the fairing etc. unless executed by the OJC Technical Team or the competitor is specifically instructed to do so.

A breach of the above will be considered tampering of the machine and will result in a penalty.

42 DAMAGE/TECHNICAL ISSUES

The OJC is a one bike category. Should a competitor's bike be deemed inoperable by the OJC Technical Officer and the competitor is unable to continue on their allocated bike during the course of an event, an official request can be made in writing by the competitor to replace their bike with one of the program's available spare bikes.

Should no request be received or no remaining spare bike be available the competitor will be forced to withdraw from the event.

42.1 Crash Damage

Should the request be made due to crash damage and the OJC Technical Officer determines the bike is not repairable at the event, a spare bike may be available as a short-term solution. Competitors who approach the OJC Technical Officer with a request to use a spare bike, following the approval of the OJC Technical Officer, will receive a penalty of back of grid start for all remaining races at that event.

Competitors changing motorcycles must use the tyres that they have had marked for that event. Penalties for using unmarked or non-homologated tyres will apply.

Should the damage be so extensive the motorcycle is not repairable at all, a replacement motorcycle costs will be passed on to the competitor.

42.2 Technical Issue

Should the request be made due to a technical issue, as determined by the OJC Technical Officer and the bike is not repairable at the event, a spare bike may be available as a short-term solution. Competitors who approach the OJC Technical Officer with a request to use a spare bike, following the approval of the OJC Technical Officer

- will receive a penalty of back of grid start for all remaining races at that event if it is deemed by the OJC Technical Officer to have been caused by the competitor's misuse of the bike. The costs associated with the repair will be passed on to the competitor
- will not receive a penalty if deemed by the OJC Technical Officer to be an unforeseen technical issue and not to have been caused by the competitor.

Competitors changing motorcycles must use the tyres that they have had marked for that event. Penalties for using unmarked or non-homologated tyres will apply.

43 DAMAGE TO GEAR

Should damage be caused to the competitor's leathers, Ricondi will be on site with a leather repair service at the competitor's cost. Should extensive damage exist, a spare set of leathers can be purchased at the OJC discounted price.

Should damage occur to a helmet and the competitor does not have a spare Shark helmet, Ficeda may carry a limited supply of spare Shark Race Pro Rin a variety of sizes which can be purchased at the OJC discounted price.

It is recommended you carry your own spare helmet.
